

DIY Post Ideas:

Advanced Botanical Kinetics

Create a simple morning or evening skincare ritual using your favorite products from the Advanced Botanical Kinetics™ collection. Start with the cleanser, follow with the toner, and finish with the Vitality Serum or Soft Crème. Use clean, natural lighting and highlight the texture of each product. Optional: overlay calming music or ambient ASMR sounds. Don't forget to show that post-glow finish.

Miraculous Oil and Botanical Repair (Professional Treatment)

Capture a winter hair transformation using both the Botanical Repair™ Professional Treatment and Miraculous Oil. Start with a clip of the treatment being applied at the bowl, then show the finishing touch—smoothing a few drops of Miraculous Oil through damp hair before styling. Close with a dramatic shine reveal or slow-motion hair flip.

This has become one of my favorite ways to finish a service. ❤️ Botanical Repair™ strengthens the hair from the inside out, and Miraculous Oil adds a soft, weightless shine without ever feeling greasy. This duo has your back.

Botanical Repair™ Professional Treatment:

- ✨ Instantly reduces breakage and helps protect against future damage
- ✨ Makes hair 5X stronger after one treatment*

Miraculous Oil:

- ✨ 195% more shine**
- ✨ Smooths frizz and protects against heat, without buildup

Together, they leave hair softer, stronger, and visibly healthier after just one visit.

Haven't tried them together yet? Let's change that.

DIY Post Ideas:

Botanical Repair Professional Treatment

Show the complete guest journey during their Botanical Repair™ Professional Treatment. Start with a quick before clip showing the hair's condition. At the bowl, capture the creamy application or relaxing moments. After styling, highlight the transformation with a final reveal using natural or soft, diffused lighting. Add text overlays like “3 layers of bond-building repair” or “Stronger hair in one visit.”
